Child Nutrition - Collection Procedures

The Food Services Department utilizes a computerized meal tracking system. All students are given their own pin number to access their meal accounts. Students give their number verbally to a cashier or use a key pad to key in their number during meal service. The proper charges are subtracted from each account. Students are encouraged to prepay ahead of time and payments can be made to Food Service personnel in the cafeteria before school. Food Service staff will remind students when their account is getting low on money.

Students and staff are not allowed to charge meals and ala carte items. If a student has insufficient funds, they may take a serving of fruit and vegetables and a carton of milk, at no charge, from the food cart. Repeated misuse of this courtesy will result in District intervention on behalf of the student.
