

## FROM THE PRINCIPAL

Dear Parents and Community Members,

Our high school report card continues to highlight our exceptional success as a high school that graduates nearly 100 percent of its students and provides a safe and positive school environment where students feel respected and challenged to achieve excellence daily. We offer small class sizes, exceptional teachers and were nationally recognized in 2012-13 as a breakout school worthy of national recognition.

With the implementation of the Smarter Balanced Assessment Consortium our students were challenged by a new, rigorous assessment. The Oregon Department of Education has suspended the ratings scale for an additional year while school districts phase in the Every Student Succeeds Act. Gervais students scored slightly below the state average for language arts with almost 50 percent of our students meeting or exceeding the assessment. While our math scores were lower, they are slightly below the overall test scores for the state of Oregon. We have several interventions in place to help students increase their assessment achievement on the path to graduation. In addition to scores that were recorded on the SBAC, Oregon Department of Education also tracks freshmen on track to graduate. We are excited to report that our numbers in this category have improved and show that almost 80 percent of our freshmen are on track to graduate, which is higher than the state average.

Students at Gervais High School benefit from a variety of extracurricular activities like FFA and outstanding sports programs, and our school was chosen to receive the Nike Innovation Fund last year which provides funding for the AVID program. Additionally, we have a progressive attitude towards career and technical education with interesting classes that prepare students for life outside the classroom. Our addition of the AVID program this year will help students determine their post-secondary path and plan for a successful future.

You can support your student's success by reviewing your student's homework regularly, attending parent-teacher conferences, or even volunteering at our school. You can review your student's assignments and grades by visiting <https://gervais.powerschool.com/public/home.html>. We look forward to partnering with you over the coming year to help all of our students reach their potential.

We look forward to an excellent year and welcome your input as we move forward towards graduation and outstanding student success.

Thank you,

Principal | Mike Solem
