Cocurricular/Extracurricular Activities

Extracurricular activities are an integral part of school life and often require as much planning and supervision as academic subjects. All students, regardless of their ability levels, should be encouraged to take part in extracurricular activities. Care must be taken, however, to ensure that these activities do not take precedence over subject matter areas, but remain in the position of supplementing the actual courses of study.

Representative student governments, student clubs and other activities are recognized as providing worthwhile learning experiences for many students. The formation of such organizations is authorized and encouraged insofar as they are established and conducted in a manner consistent with district policies and regulations, have staff sponsors, and serve a stated purpose that complements district and school goals.
