

### Celia Marquez Biographical Information:

I was born in Texas and moved to Oregon with my parents in 1963. I lived in Gervais on 1<sup>st</sup> Street most of my life and went to Gervais Elementary (Go Raiders!), then graduated from Gervais Union High (Go Cougars!). I have 4 children who all attended Gervais schools. I have 7 grandchildren. I love to cook, quilt and crochet. I do have some college credits from CCC.

I started at Gervais Elementary in 1991 as a secretary. In 1999 I started my current position as the SIS administrator for the district. I have used four SIS systems throughout my 24 years here. I started with Mt. Rose Software, then MacSchool, then SASI and currently PowerSchool. The first one was DOS based - fun stuff ☺. One thing I do love to do is data entry.
