The Gervais School District graduates every student prepared for higher learning and careers to empower them as knowledgeable and engaged citizens, innovators, and drivers of a robust, multicultural economy.

Representing and in partnership with our stakeholders, the Gervais School District recognizes that all children can learn and dedicates itself to providing a challenging educational environment that allows each student to achieve to his or her highest potential as a learner and citizen.

Learning transfers to life beyond the Gervais School District experience, enabling each student to flourish as a responsible citizen in the global community.

The Gervais School District, in partnership with the entire community, will empower every student to become a life-long learner who is a responsible, productive and engaged citizen within the global community.

Integrity, respect, trust, building relationships, and servant leadership

Core Values

Student focused, high academic expectations, building strong relationships, respect and accept everyone, committed and passionate, community involvement

I think this is more like a mission statement.

To instill the love of learning for all with high expectations while building strong relationships with compassion and commitment, focused on students, embracing everyone with respect, connecting and working with the community and stake holders to equip responsible citizens.

Community is the heart

Commitment to educate the mind and the heart of the students

Compassion towards our students, our families, and our staff

Serving our students, our community, our staff

Your success is our mission, and success looks different for everyone

Developing tomorrow's leaders today

COOPERATION: 'Sharing and learning together'. Cooperation is working together in a team, contributing and sharing in a helpful way.

ACHIEVEMENT: 'Persist and try your best'. Achievement is striving to attain your personal goals, persisting and giving your best effort.

RESPECT: 'Respect each other and our environment'. Respect involves taking responsibility for each other. Respect is speaking to and interacting with others in a courteous manner. It is about being honest, reliable and trustworthy.

EMPATHY: 'Treat others with care and compassion'. Empathy means trying to understand other people's views or feelings and being supportive and caring towards them.

RESPONSIBILITY

We believe that **responsibility** is fostered through providing students with the tools to develop healthy lifestyles and to take ownership for their decisions and ethical behavior.

ACHIEVEMENT

We believe that **achievement** is attainable for every student when they are actively involved in their own learning and are engaged in an individually challenging curricular pathway that emphasizes college and career readiness.

MUTUAL RESPECT

We believe that **mutual** respect should be demonstrated by all members of the school community and should include an appreciation for differences, diversity and perspectives in a safe and supportive environment.

SERVICE

We believe that **service** to both the school and local community teaches students to recognize their value as a citizen and community member.

****I thought it was really creative how Northbridge High School had their values intertwine with their mascot. Northbridge are the RAMS, R-responsibility, A-achievement, M-mutual respect, and S-service. I believe this idea makes it easier for students and staff to remember. I like the way both schools present their values.*
